2026 Brings Back North Africa's Leading Food Processing & Packaging Machinery Expo!

From Production to Packaging Innovation & Technology: The 9th International Morocco SIEMA & Food Expo 2026 Highlights Machinery and Food Tech Excellence!

With Morocco's agrifood and machinery sectors surging, supported by record sales and rising mechanization, the 9th edition of Morocco SIEMA & Food Expo emerges as the region's leading platform for innovation, networking, and industry growth. Organized by Elan Expo, this flagship event will take place on 22-24 September 2026 at the AMDIE (OFEC), Casablanca, Morocco.

Global Food & Food Tech Elites Reunited Again!

From Casablanca to Canada, the 8th Morocco SIEMA & Food Expo 2025 gathered 236 global brands from 26 countries, presenting the latest technologies in food processing, packaging, agriculture, and machinery. Esteemed participants included Morocco, Turkey, Canada, Spain, UAE, Ghana, India, Czech Republic, Portugal, France, Netherlands, Germany, Italy, Egypt, Nigeria, Kenya, Poland, Kazakhstan, Saudi Arabia, Malaysia, Lithuania, Tunisia, Thailand, Japan, USA, and Switzerland.

The event welcomed 17,600 professional buyers and hosted 13 high-level conferences with 43 speakers and 2,750 attendees, driving knowledge exchange and future collaborations.

"I made numerous new contacts during the event and am optimistic about the promising business opportunities ahead. Everything was truly enjoyable. I would recommend this exhibition to my colleagues, and I will definitely consider participating again in 2026. Overall, it was an excellent and memorable experience."

— Salma Hanane, IFM Electronics

"The impressive number of visitors, combined with their genuine interest and enthusiasm, is a true compliment to all the marketing efforts. Adding to this success was the warm and welcoming atmosphere that made the exhibition even more enjoyable."

—Niek Wolbers-Grünbeck Water Treatment Solutions

"The quality of my clients' targets was very good. I may recommend this exhibition to my colleagues and am considering participating again in 2026. Overall, the show was a positive experience"

— Kheireddine Boulghoudan - Flexo Company

Beyond displays: Insights Fueling Food Industry Growth

The 2025 edition featured 13 conferences with leading experts, where 43 speakers shared insights on food technologies, agricultural advancements, packaging innovations, and sustainable solutions. With 2,750 attendees, the knowledge sessions provided an unmatched opportunity for industry professionals to explore global trends and practical applications.

Support for the event came from leading organizations including AMDIE, Halal Research Council, IH Halal, Red Alimentaria, Food Dakty, Packworld, and FoodMachine.

Top Industry Exhibitors at Morocco SIEMA 2025!

Past editions have hosted a balanced mix of global technology providers, regional manufacturers, packaging innovators and local processors. The 2025 exhibitor line-up included Robert Bosch Morocco Sarl (technology & engineering), ifm electronic SARL (automation & sensors), Plastmore , Turkey (packaging), Sofradis, Emirates Printing Forms , UAE (Labeling) , WIPOTEC-OCS GmbH, Germany (weighing & packaging technology), Hipomak Makina San. ve Tic. A.Ş., Turkey (packaging machinery), INTERROLL, Switzerland (logistics & conveyor systems), Vendée Concept, France (food processing technology), First Packaging Solution Sarl, Morocco (packaging solutions), Thermoplast Groupe, Morocco (packaging materials), Protik Maroc (local food production) that demonstrated a cross-section of capability across processing equipment, packaging machinery, ingredients, cold-chain solutions and logistics services.

Showcasing Cutting-Edge Food & Agri-Tech Sectors

- ✓ Food & Food Processing Industry – from dairy and poultry equipment to fish farms, organic agriculture, and advanced food production machinery.
- ✓ Agricultural Machinery & Equipment – tractors, silos, planting machinery, automation, and soil preparation solutions.
- ✓ Packaging Technology – intelligent and self-service packaging, beverage packaging, printing & labeling, logistics packaging, and innovative sustainable packaging solutions.
- ✓ Agricultural Transport & Logistics – cold storage, warehouse systems, refrigeration vehicles, and logistics delivery management.
